Click2Enter, Inc., is Proud to Announce the Following:

CANADIAN PATENT AND DISTRIBUTOR OBTAINED FOR CLICK2ENTER-I: EMERGENCY ACCESS CONTROL FOR GATES, BOLLARDS, PARKING ARM CONTROLS AND ROLL-UP DOORS.

Sonoma, California, Saturday, July 01, 2006 - On July 01, 2006 Click2Enter, Inc., a manufacturer of emergency access control technology, proudly announced that they were recently granted Canadian Patent rights in all of the Canadian Provinces. Pete Sutos, President and CEO of Click2Enter, Inc. stated "The Canadian Patents will compliment our intellectual property portfolio". This allowance will compliment the United States and European patents under which Click2Enter currently operates." Click2Enter is quickly becoming a leader in the field of emergency access control.

Click2Enter, Inc. is pleased to announce that PCS Automation Services is now a distributor for Click2Enter-I in Canada. PCS will enhance Click2Enter's ability to introduce our product to our Canadian neighbors.

PCS Automation Services

Click2Enter-I can operate within the entire spectrum of available frequencies, typically allocated to the various public safety agencies. Up to fifty different public safety authorized users can operate off one Click2Enter-I device. For public safety organizations the Click2Enter-I solves the problem of mutual aid operations and the other safety issue of stealth operation of law enforcement personnel. The Click2Enter-I also has a proven track record in the operation of roll-up doors for law enforcement sally-ports, fire house commercial roll-up door control, and municipal parking garage roll-up door access control.

Deployed in the field for over five years and mandated by many governmental agencies in the United States, the Click2Enter-I has proven itself to be, reliable, fast, simple, secure, and tested.

END

Click2Enter, Inc.

Title: Canadian Patent and Distributor obtained for Click2Enter-I: Emergency Access Control for Gates, Bollards, Parking Arm Controls and Roll-up Doors.
